

Sinclair Broadcast Group's recent actions have illustrated the dangers to localism caused by interference of entertainers and their bias in the political arena.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest and I believe they do a fine job. Sinclair is to be commended for providing a look at both sides of an issue and to not allow their journalistic principles to become compromised by a vocal group of special interest people.

Sinclair's actions show true journalism and courage in the face of bitter opposition. More media outlets need to be pressed to maintain the same level of reporting and integrity. Thank you.
